Calypso, with its diverse cultural heritage, was the most significant Caribbean musical form from World War I to Trinidad and Tobago Independence in 1962. Though wildly popular in mid-1950s America, Calypso--along with other music from "the island of the hummingbird"--has been largely neglected or forgotten. This first-ever discography of the first 50 years of Trinidadian music includes all the major artists, as well as many obscure performers. Chronological entries for 78 rpm recordings give bibliographical references, periodicals, websites and

the recording locations. Rare field recordings are cataloged for the first time, including East Indian and Muslim community performances and Shango and Voodoo rites. Appendices give 10-inch LP (78 rpm), 12-inch LP (33 1/3 rpm), extended play (ep) and 7-inch single (45) listings. Non-commercial field recordings, radio broadcasts and initially unissued sessions also are listed. The influence of Trinidadian music on film, and the "Calypso craze" are discussed. Audio sources are provided. Indexes list individual artists and groups, recording titles and

technology and changes in the structure of demand that accompanied the rise, in the late Middle Ages, of an Italian industry geared to mass production of cotton fabrics. The Italian manufacture, based on borrowed techniques and imitations of Islamic cloth, was the earliest large-scale cotton industry in western Europe. It thus marked a pivotal stage in the transmission of the knowledge and use of this textile fibre from the Mediterranean basin to northern Europe. The success of the Italians in creating new markets for a wide variety of products that

Read Free Concert CI Radio User Manual

included pure cotton, as well as mixed fabrics combining cotton with linen, hemp, wool and silk, permanently altered the patterns of taste and consumption in European society. Cotton, in various stages of proceeding, was at the heart of a complex network of communications that linked the north Italian towns to the source of raw materials and to international markets for finished goods. In the developing urban economy of northern Italy, cotton played a role comparable in magnitude to that of wool and shared with the latter certain basic features of
