Leading homiletician Jared Alc á ntara offers a practice-centered, collaborative, technologically innovative, next-generation introductory preaching textbook. The book breaks new ground by adopting a practice-based approach to teaching preaching and by using innovative technological delivery to enhance the educational experience of learners. Alc á ntara introduces the basics of Christian preaching and emphasizes the skills preachers must cultivate throughout their lives. He shows that preachers can learn effective preaching by paying keen attention to five key competencies: conviction, context, clarity, concreteness, and creativity. Call-outs in the book direct readers to a companion website for further information or practice. The online resources include audio and video sermons, video responses from the author, and contributions from collaborators, enabling Alc á ntara to coach students by showing them instead of just telling them.
