Where do babies come from? The question every parent dreads hearing has finally fallen from the lips of six year old Ava Banks, the curious, precocious little girl that you fell in love with in Ignite. Jeremy and Sierra, normally blunt as can be, struggle to find the right words to answer her. So instead, they rewind sixteen years to that one fateful day where a game of Seven Minutes in Heaven inevitably led to life-long romance filled with laughter, love, and many, many mishaps along the way. Falling in love with your best friend? It's the most incredible thing in the world. Let's just hope it lasts. When the world comes crashing down around you, can even the strongest relationship withstand great tragedy? Stay tuned for lots of laughs, teenage awkwardness, a few tears, and most of all, mullets. Because what good love story doesn't do business in the front, and party in the back?

Branson Wellington? The name, my name, is usually followed by fucking prick or self-serving bastard, and I can't say I haven't earned those titles. It's true. I'm not the good guy. I'm not the boy next door. I'm definitely not your Prince fucking Charming. Not even close. And I never wanted to be. Until her. The day I pulled her from the wreckage was the day that my life changed. Who would have thought that one little lie had the power to throw two lives so off course? Love has never been in the cards for me, but now that she's here, I have no idea how I'm ever going to let her go. Even if I don't deserve her. Because like I said, I'm a self-serving bastard and some things never change.

Natalia My love life would be almost comical if it weren't so depressing. Why can't romance be like it is in the novels I love? I stupidly assume things can't get any worse, but then I get fired from my job. Good one, universe. Now I have no choice but to work for my brother and his surly business partner, Anderson. We can't seem to get on the same page about anything. He's judgmental and rude, and I can't stand him. To make matters even more trying, he's ridiculously hot. Anderson I never agreed to bring on a new marketing manager, and certainly not her. My business partner leads with his heart, and when he hires his sister, her ability to crawl under my skin is insurmountable. So, why does she make my heart race every time she's close? When things escalate, I lose all semblance of control, which just makes me angrier. I can't keep my hands off her, even though she makes me crazy. Hatred can drive a person insane, but so can love. The Love at Work Series consists of interconnected standalones, all having to do with falling in love at work. They can be read in ANY order!

When Knox Wellington opens the door to Charlie Davenport, he's not expecting the fiery brunette with whiskey colored eyes and a feisty personality. Sparks fly immediately, even though their initial meeting is nothing but hostile. Their chemistry is undeniable, but the chip on Knox's shoulder threatens to destroy any hope of him wooing the sweet, southern volunteer sent to help with his rehabilitation. Little does he know she's no Southern Belle, as she gives as good as she can take. As unexpected circumstances push them closer together, heads butt, patience is tested, and flames ignite as they dance around their

mutual attraction, both of them jaded from broken pasts. They've both been burned before, so when their feelings of lust, desire, and wanting are inflamed in the heat of the moment, will they finally be able to get over the pain of the past or will their relationship be reduced to ashes before it can ever really begin? While this book is a standalone, characters from Ignite, book 1, will appear in Knox's story.

In the bible belt of the Deep South, small-town veterinarian Anastasia Brannon hides her magic from all but those closest to her for fear of ridicule. After a red-hot encounter with the new PI in town, it is impossible to deny their attraction. Throwing caution to the wind, she indulges her desires but keeps her secrets close. A man with secrets of his own, Howl Raven uses his feral talents and tracking skills to make a living, doing his best to lay low and hide the curse that haunts him every month. So far, so good...until an uncontrollable shift outside the full moon leaves him the victim of a werewolf hunter. When Ana finds him wounded in the woods near her cabin during a storm, she has no choice but to rely on her magic and out her secret to Howl. Racing against time, a werewolf hunter, and nature itself, Ana may be the only one who can banish the wolf from Howl's blood, but at what cost? Author's Note: This book is a previously released prequel which has been extensively revised to include bonus content and a preview of Tempting Taylor. While it does have a fast HEA for Howl and Ana, the arcing storyline of Sam Murphy's murder is left unresolved to be continued in the remaining books. Coming Soon Claiming Ana (Prequel) Tempting Taylor (Cade and Taylor's story) Captivating Caitlyn (Drew's story) Saving Sarah (Jace's story)

Once upon a time, girl met boy and a love story began. Their future was assured until tragedy struck and deceptions were made. There are consequences to every action, and the Consequences of Deception are always the most punishing. Sloane Evans lost nearly everyone that she's ever loved, but losing Killian Brandt left a scar that never healed. Four and a half years after turning his back on her, Killian steps back into Sloane's life in the most shocking of ways, giving her no choice but to abandon her life and go with him. Why would a man buy a woman that he hates? Not everything is as it appears. Love is beautiful, revenge is ugly, and lies destroy lives. What are the Consequences of Deception?

"The Last Letter is a haunting, heartbreaking and ultimately inspirational love story." —InTouch Weekly Beckett, If you're reading this, well, you know the last-letter drill. You made it. I didn't. Get off the guilt train, because I know if there was any chance you could have saved me, you would have. I need one thing from you: get out of the army and get to Telluride. My little sister Ella's raising the twins alone. She's too independent and won't accept help easily, but she has lost our grandmother, our parents, and now me. It's too much for anyone to endure. It's not fair. And here's the kicker: there's something else you don't know that's tearing her family apart. She's going to need help. So if I'm gone, that means I can't be there for Ella. I can't help them through this. But you can. So I'm begging you, as my best friend, go take care of my sister, my family. Please don't make her go through it alone. Ryan

Some girls don't like pretty things. Some girls like things that are destructive, and toxic. Things that fuel our bodies with adrenaline and bring our demons to their knees. They say magic isn't real, but it's the closest way to describe love? It doesn't exist physically. It merely exists around us, within us, possessing our souls and making us do stupid shit. Shit like falling in love with a boy who knows how to rip my world apart and raise hell with a simple flick of his wrist. Their secrets are now mine. I'm not just in the middle of this game, I'm helping orchestrate it. Can the cries of my aching soul be enough to drown out the burning embers of my mistakes? The mind strengthens the heart, roughing the edges to prepare it for war. This is a war I will not win. This is a war of fate.

The Battle of Waterloo made them widows, but each has found new happiness. And Jane, Lady John Tarkington, intends to keep her freedom, even if love—and one particular gentleman—are determined to claim her heart . . . It is a truth rarely acknowledged—at least in public—that a wealthy widow is free to pursue a great many adventures. For two years, Jane has privately enjoyed her independence. Why should she remarry, even when the gentleman proposing is as wonderful as Gareth, Lord Kinellan? She entreats him never to ask her again. But as her Widows' Club friends—now all joyfully remarried—gather at Castle Kinellan, Jane begins to wonder if stubbornness has led her to make a terrible mistake . . . Kinellan needs a wife to give him an heir, and he wants that wife to be Jane. They are perfect together in every way, yet she continually refuses him. Just as he is on the point of convincing her, a series of accidents befall Gareth and point to an enemy in their midst. He has promised Jane a passionate future filled with devotion, but can he keep them both alive long enough to secure it?

The nationally bestselling author of the Ten Tiny Breaths series and Burying Water—which Kirkus Reviews called "a sexy, romantic, gangster-tinged page-turner"—returns with a new novel packed with romance, plot twists, and psychological suspense. Ivy Lee, a talented tattoo artist who spent the early part of her twenties on the move, is looking for a place to call home. She thinks she might have finally found it working in her uncle's tattoo shop in San Francisco. But all that changes when a robbery turns deadly, compelling her to pack up her things yet again. When they need the best, they call him. That's why Sebastian Riker is back in California, cleaning up the mess made after a tattoo shop owner who resorted to blackmail and got himself shot. But it's impossible to get the answers he needs from a dead body, leaving him to look elsewhere. Namely, to the twenty-something-year-old niece who believes this was a random attack. Who needs to keep believing that until Sebastian finds what he's searching for. Ivy has one foot out of San Francisco when a chance encounter with a stranger stalls her departure. She's always been drawn to intense men, so it's no wonder that she now finds a reason to stay after all, quickly intoxicated by his dark smile, his intimidating strength, and his quiet control. That is, until Ivy discovers that their encounter was no accident—and that their attraction could be her undoing.
