Isms and Ologies: All the Movements, Ideologies and ...

A definitive, thoroughly cross-referenced resource covering more than 450 important intellectual terms, movements, religions, and more is organized into categories--such as politics, history, religion, science, philosophy, and the arts--and includes concise definitions for each entry. Original.

From Platonism to New Historicism, humankind is constantly coming up with fresh schools of thought to help explain (or at least describe) the mysterious world around us. Here is a guide to over 450 of the most significant intellectual terms, movements, and religions that help shape the society we live in. Divided into categories--including politics, history, philosophy and the arts, economics, religion, science, and medicine--cross-referenced, and thoroughly indexed, this book is for the budding intellectual in everyone.--From publisher description.

What's the difference between an anarchist and an anarcho-syndicalist, a Platonist and a Neo-Platonist? And how modern can Modernism really be if all the famous modernists are dead? To those who've been humiliated by a knowing reference to Wahhabism at a dinner party, caught short by a casual allusion to Orphism at a private view, or flummoxed by a smug mention of post-structuralism by a fellow member of a suburban book group, Isms and Ologies offers hope and enlightenment. Crackpot convictions, perplexing philosophies, tricky tenets, and wacky Weltanschauungs - Isms and Ologies lists them all, and explains their salient features clearly and accessibly. So, if you're genuinely curious to know the crucial characteristics of phenomenology or just want to lend a veneer of intellectual rigour to your small talk, Isms and Ologies could be just the book you are looking for.

A detailed study of around 200 English prefixes and suffixes. Each affix is discussed in detail, with information on its origin, phonological form, stress placement, semantic range, and the roots it can be attached to.

-Do you seem to lack an adequate framework for interpreting life in today's world? -Have you grown tired of attempts at finding meaning in free, experimental living? -Though you can't quite identify what the smell is, do you sense that something about our culture's way of thinking stinks? -Do you search for mental values on which you can build a solid life? -Are you ready to challenge cultural norms and rethink everything for yourself? If you answered yes to most of these questions, then Whoopin' Up on Stinkin' Thinkin' is a must-read! Without God's healing power over the mind, you may become enslaved to fear, arrogance, bitterness, confusion, and distrust, just to name a few stinking thoughts. Whoopin' Up on Stinkin' Thinkin' is designed to bring God's healing power to your mind. Based on 1 Corinthians 10:3-5, this book will help you get your mind unstuck now! Field-tested questions with each chapter make Whoopin' Up on Stinkin' Thinkin' perfect for your small group or class. Young people searching for answers, senior adults seeking to understand and influence the next generation, mentors, professors, teachers, pastors, counselors, and group leaders will all find this book to be a great resource.

A meticulously researched history of the role of organized hate in American politics delineates the origins of extreme belief systems as well as the economic and social factors that have contributed to their popularity, sharing cautionary observations about how hate has moved into mainstream America. By the author of Cults, Conspiracies, and Secret Societies. 25,000 first printing.

A cross-referenced guide to society's clandestine groups and covert organizations includes information on such examples as Area 51, JFK assassination conspiracy theorist groups, and the 9/11 Truth Movement while offering insight into why such groups have garnered large-scale support and participation. Original.

This collection of new essays by leading film scholarsaddresses Michelangelo Antonionias apre-eminent figure in European art cinema, explores his continuing influence and legacy, and engages with his ability to both interpret and shape ideas of modernity and modern cinema.

Fulton J. Sheen, Norman Vincent Peale, and Billy Graham were America's most popular religious leaders during the mid-twentieth century period known as the golden years of the Age of Extremes. It was part of an era that encompassed polemic contrasts of good and evil on the world stage in political philosophies and international relations. The 1950s and early 1960s, in particular, were years of high anxiety, competing ideologies, and hero/villain mania in America. Sheen was the voice of reason who spoke against those conflicting ideologies which were hostile to religious faith and democracy; Peale preached the gospel of reassurance, self-assurance, and success despite ominous global threats; and Graham was the heroic model of faith whose message of conversion provided Americans an identity and direction opposite to atheistic communism. This study looks at how and why their rhetorical leadership, both separately and together, contributed to the climate of an extreme era and influenced a national religious revival.

An A to Z of more than 400 -isms and -ologies, lucidly and entertainingly explained
