9780840653800: Laboratory Manual for Non-Majors Biology ...

This lab manual covers thirteen lab exercises for a one semester introductory biology lab class for non-science majors, pre-biology majors, or pre-allied health majors. It would benefit from at least two additional exercises to work for a 15 week semester and would benefit greatly from the addition of alternate lab exercises to enable instructors to tailor the lab content to the needs of their particular courses.

The labs in Introduction to Geology for Non-Majors Lab Manual have a different focus that a traditional introduction to geology: instead of training future geoscientists, they are specifically designed to enable students to see how many aspects of geology—and science in general—impact everyone in everyday life, even in ways that you may not have thought about. Of course, along the way, you will still learn many basic principles of geology (which are necessary to understand why they ...
