Synopsis: Filled with updated task list theory, practice tests, and abundant, demonstrative graphics, this revised edition provides all the latest information required to sufficiently prepare technicians to pass each of the A1-A8 and L1 ASE certification exams. Each chapter begins with a pretest that indicates the depth of preparation required to become familiar with the information in the chapter, followed by a description of each ASE task and the must-have information related to the task. ASE-type questions at the end of each chapter appear in the same format as on actual ASE tests to further prepare users to pass each exam.

Template-driven Consulting is a book for managers who have long been searching for a way to cut costs on expensive external business advice. Every day, new stories of companies that encounter severe financial troubles show up on the front pages of newspapers across the globe. Cost-cutting is again the most pressing issue in organizations - initiating massive layoffs and large-scale reductions in spending on capital goods. This text allows your company to trim down expenses at another source: external consultants. By drawing on the use of templates, TDC at last brings about the often cited knowledge transfer from consultants to your employees. Applying TDC, your employees become the experts whilst you see the number of and cost for external consultants decrease tremendously! This book, with its clear structure and hands-on approach, lets you understand the new methodology and will help you in reaping its cost benefits.

Anyone who assumes that a car is simply a means to get from point A to point B, or who even thinks that they know what a car is, should read this book. Profoundly shaped by culture, the car gives rise to a wide range of emotions, from guilt about the environment in the UK to aboriginal concerns with car corpses, to struggles to keep the creatures alive with everything but the proper spare parts in West Africa. Cars and their landscapes prove central to human life from its most intimate to the widest sense of global crisis, and are capable of inspiring epic passions. From road rage in Western Europe to the struggles of cab driving in Africa to the emergence of Black identity in the US, this book examines the essential humanity of the car, which includes the jealousies, gender differences, fears and moralities that cars give rise to. Firmly grounded in detailed ethnographic and historical scholarship, this is the first book to provide an informed sense of cars as one of the most familiar and significant forms of material culture.

"I've loved every one of Susanna's books! She has bedrock research and a butterfly's delicate touch with characters—a sure recipe for historical fiction that sucks you in and won't let go!"—DIANA GABALDON, #1 New York Times bestselling author of *Outlander* From New York Times & USA Today bestselling author Susanna Kearsley—A magical novel that blends history, forbidden romance and the paranormal *Secrets* aren't such easy things to keep: It's late summer in 1759, war is raging, and families are torn apart by divided loyalties and deadly secrets. In this complex and dangerous time, a young French-Canadian lieutenant is captured and billeted with a Long Island family, an unwilling and unwelcome guest. As he begins to pitch in with the never-ending household tasks and farm chores, Jean-Philippe de Sabran finds himself drawn to Lydia, the daughter of the house. Slowly, Lydia Wilde discovers that Jean-Philippe is a true soldier and gentleman, until their lives become inextricably intertwined. Legend has it that the forbidden love between Jean-Philippe and Lydia ended tragically, but centuries later, the clues they left behind reveal the true story. Susanna Kearsley's books combine the magic of Deborah Harkness's *All Souls Trilogy*, the remarkable women of Lucinda Riley's *Seven Sisters Series*, and the intrigue of books by Simone St. James. Part history, part romance, and all kinds of magic, Susanna Kearsley's latest masterpiece will draw you in and never let you go, even long after you've turned the last page. Also by Susanna Kearsley: *The Winter Sea* *The Rose Garden* *Mariana* *The Shadowy Horses* *The Firebird* *The Splendour Falls* *Season of Storms* *A Desperate Fortune* *Named of the Dragon*

This book beautifully blends the art and science of clinical examination of children. It has been extensively revised, updated and expanded to enable clinicians to treat children with tact and clinical skills, and their parents and attendants with concern and compassion. The importance of good communication skills and bedside manner has been emphasised for building a trustworthy and credible doctorpatient and doctorparent relationship. The chapter on abnormal physical signs and their interpretation has been expanded and the book can serve as an excellent manual to the practising pediatricians for differential diagnosis of common clinical disorders in children. A large number of additional photographs, tables, medical quotations and boxes with key points have been included. It is one of the most comprehensive publication on pediatric clinical methods to serve the felt needs of medical graduate students, pediatric residents and pediatricians to rejuvenate the dwindling art of pediatrics.

The fifth edition of Delmar's *Automotive Service Excellence (ASE) Test Preparation Manual for the A7 HEATING AND AIR CONDITIONING* certification exam contains an abundance of content designed to help you successfully pass your ASE exam. This manual will ensure that you not only understand the task list and therefore the content your actual certification exam will be based upon, but also provides descriptions of the various types of questions on a typical ASE exam, as well as presents valuable test taking strategies enabling you to be fully prepared and confident on test day.

With the globalization of finance and the speed of electronic transactions, the world's leading nations are leading the battle against the money laundering activities of organized crime. Two of the world's leading organized crime journalists, Antonio Nicaso and Lee Lamothe, are major contributors to the book, which investigates the Japanese underworld, counterfeiting, Russian organized crime and the global influence of the Mafia. The highlight of this new book, however, is an interview with Giulio Andreotti, the disgraced former Prime Minister of Italy, whose arrest and conviction so controversially brought the issue of organized crime to the attention of the world.
