~~Perspectives on International Relations | SAGE~~

"Perspectives on IR is my preferred introduction to international relations textbook because it accomplishes the difficult task of wedding theory to practice without going overboard in either area. I have used several different intro to IR texts since I began teaching my course before settling on this one—the right mix of theoretical arguments and practical examples is quite rare.

~~Perspectives on International Relations: Power~~

The great strength of Nau's Perspectives on International Relations is the way that theoretical perspectives are illustrated through their application in historical cases and contemporary issues. Students are really able to understand how different perspectives raise unique analytical questions by seeing them applied in a variety of situations."

~~Perspectives on International Relations | Online Resources~~

International relations theory is the study of international relations from a theoretical perspective. It attempts to provide a conceptual framework upon which international relations can be analyzed. Ole Holsti describes international relations theories as acting like pairs of coloured sunglasses that allow the wearer to see only salient events relevant to the theory; e.g., an adherent of realism may completely disregard an event that a constructivist might pounce upon as crucial, and vice versa
