is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them.

Earl Fry explores the forces behind the rise of state and local influence in foreign affairs.

Bessette/Pitney's AMERICAN GOVERNMENT AND POLITICS: DELIBERATION, DEMOCRACY, AND CITIZENSHIP is based on the idea of deliberative democracy: political systems work best when informed citizens and public officials deliberate to identify and promote the common good. Emphasizing citizenship, the text examines the way that civic culture and immigration impact students and shape the country. It offers solid historical coverage and a close look at civic responsibility. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This book draws on the extensive literature on populism, democracy, and emerging markets as well as interviews with senior government officials, experts, and journalists in the Philippines and beyond. This book is the first to analyze the significance and implications of the rise of Filipino president Rodrigo Duterte within a rapidly-changing Asia Pacific region. As China's power in the Pacific grows rapidly, nations that have traditionally been US allies, such as the Philippines, are experiencing political convulsions; Duterte's open willingness to realign towards China (at the expense of America) in exchange for infrastructure investment is one of the clearest indicators of what China's rise might look like for nations around the world. Timely, precise, accessible and fast-paced, this book will be of value to scholars, journalists, policy-makers, and China watchers.

Explains how the national, state, and local branches of government work together and separately to set up and carry out the laws of the land.
