Historians have usually regarded the Empire as being of marginal importance to early and mid-Victorian writers. Patrick Brantlinger asserts that the Empire was central to British culture as a source of ideological and artistic energy, both supported by and lending support to widespread belief in racial superiority, the need to transform "savagery" into "civilization," and the urgency of promoting emigration. *Rule of Darkness* brings together material from public records, memoirs, popular culture, and canonical literature. Brantlinger explores the influence of the novels of Captain Frederick Marryat, pioneer of British adolescent adventure fiction, and shows the importance of William Makepeace Thackeray's experience of India to his novels. He treats a number of Victorian best sellers previously ignored by

literary historians, including the Anglo-Indian writer Philip Meadows Taylor's *Confessions of a Thug* and *Seeta*. Brantlinger situates explorers' narratives and travelogues by such famous author-adventurers as David Livingstone and Sir Richard Burton in relation to other forms of Victorian and Edwardian prose. Through readings of works by Arthur Conan Doyle, Joseph Conrad, H. Rider Haggard, Rudyard Kipling, John Hobson, and many others, he considers representations of Africa, India, and other non-British parts of the world in both fiction and nonfiction. This book surveys the impact of the British Empire on nineteenth-century British literature from a postcolonial perspective. It explains both pro-imperialist themes and attitudes in works by major Victorian authors, and also points of resistance to and criticisms of the Empire such as abolitionism, as well as the first stirrings of nationalism in India and elsewhere. Using nineteenth-century literary works as illustrations, it analyzes several major debates, central to

'Handbook to Teaching Later British Literature ' seeks to recapture the interconnectedness within and among Romantic, Victorian and Modern literature. Focusing on some of the defining historical, intellectual and artistic preoccupations that individual works explore in common with their literary peers, the book also invites teachers to help their students to rethink the criteria by which periods are defined and to reconceive of the relationship between texts written within these periods. ' A Handbook for Teaching Later British Literature ' is suitable for reading alongside any of the anthologies used in courses that survey the second half of British literature – from the advanced high school classroom to the lower-division university lecture hall – and seeks to complement their already robust

1011 content by offering teachers a synthetic and highly adaptable framework for guiding students through British literary history from the 1780s through the 1940s.

Folklore provides a metaphor for insecurity in British women's writing published between 1750 and 1880. When characters feel uneasy about separations between races, classes, or sexes, they speak of mermaids and «Cinderella» to make threatening women unreal and thus harmless. Because supernatural creatures change constantly, a name or story from folklore merely reinforces fears about empire, labor, and desire. To illustrate these fascinating rhetorical strategies, this book explores works by Sarah Fielding, Ann Radcliffe, Sydney Owenson, Charlotte Brontë, George Eliot,
