Journey Girl is a story about motherhood and a memoir about secrets-- more specifically, it is about breaking them. First-time author Hajec unfolds her journey of becoming a courageous family secret breaker and defeats her fears that she will pay a price to do so. Her quest is to disintegrate the generational silences that surround the death of her mother shortly after her own birth and explore the mysterious childhood memories that still linger as she reaches adulthood. As the author unwinds a tightly-held but harmful family silence, she also introduces to the reader simple, ordinary, and helpful types of silences they can use in their everyday life to bring them peace and balance, not harm and mystery.These are the Islands of Silence that begin each chapter before continuing her own story.
