In this #1 national bestseller, a journalist who's been attacked by Antifa writes a deeply researched and reported account of the group's history and tactics. When Andy Ngo was attacked in the streets by Antifa in the summer of 2019, most people assumed it was an isolated incident. But those who'd been following Ngo's reporting in outlets like the New York Post and Quillette knew that the attack was only the latest in a long line of crimes perpetrated by Antifa. In Unmasked, Andy Ngo tells the story of this violent extremist movement from the very beginning. He includes interviews with former followers of the group, people who've been attacked by them, and incorporates stories from his own life. This book contains a trove of documents obtained by the author, published for the first time ever.

What if you were told that the revered leader Abraham Lincoln was actually a political tyrant who stifled his opponents by suppressing their civil rights? What if you learned that the man so affectionately referred to as the "Great Emancipator" supported white supremacy and pledged not to interfere with slavery in the South? Would you suddenly start to question everything you thought you knew about Lincoln and his presidency? You should. Thomas J. DiLorenzo, who ignited a fierce debate about Lincoln's legacy with his book The Real Lincoln, now presents a litany of stunning new revelations that explode the most enduring (and pernicious) myths about our sixteenth president. Marshaling an astonishing amount of new evidence, Lincoln Unmasked offers an alarming portrait of a political manipulator and opportunist who bears little resemblance to the heroic, stoic, and principled figure of mainstream history. Did you know that Lincoln...
• did NOT save the union? In fact, Lincoln did more than any other individual to destroy the voluntary union the Founding Fathers recognized.
• did NOT want to free the slaves? Lincoln, who did not believe in equality of the races, wanted the Constitution to make slavery "irrevocable."
• was NOT a champion of the Constitution? Contrary to his high-minded rhetoric, Lincoln repeatedly trampled on the Constitution—and even issued an arrest warrant for the chief justice of the United States!
• was NOT a great statesman? Lincoln was actually a warmonger who manipulated his own people into a civil war.
• did NOT utter many of his most admired quotations? DiLorenzo exposes a legion of statements that have been falsely attributed to Lincoln for generations—usually to enhance his image. In addition to detailing Lincoln's offenses against the principles of freedom, equality, and states' rights, Lincoln Unmasked exposes the vast network of academics, historians, politicians, and other "gatekeepers" who have sanitized his true beliefs and willfully distorted his legacy. DiLorenzo reveals how the deification of Lincoln reflects a not-so-hidden agenda to expand the size and scope of the American state far beyond what the Founding Fathers envisioned—an expansion that Lincoln himself began. The hagiographers have shaped Lincoln's image to the point that it has become more fiction than fact. With Lincoln Unmasked, DiLorenzo shows us an Abraham Lincoln without the rhetoric, lies, and political bias that have clouded a disastrous president's enduring damage to the nation.

Why do we still tolerate stereotypes and discrimination based on age? This bold account of the history and present-day realities of ageism by a nationally recognized gerontologist and speaker uncovers ageism's roots, impact, and how each of us can create a new reality of elderhood. Ageism Unmasked shifts the lens, enabling us to see that we tolerate, and sometimes actively promote, attitudes and behaviors toward differently aged people that we would reject and condemn if applied to any other group. It peels back the layers to expose how cultural norms and unconscious prejudices have seeped into our lives, silently shaping our treatment of others based on their age and our own misconceptions about aging—and about ourselves. Offering an all-inclusive approach, Dr. Tracey Gendron reveals the biases behind our false understanding of aging, sharing powerful opportunities for personal growth along with strategies to help create an anti-ageist society.
• Ageism Unmasked will help readers let go of our desperate need to stay young ... exposing how we personally, systematically, structurally, and institutionally stigmatize being old.
• Ageism Unmasked will help readers appreciate both the challenges and opportunities of how we all age... showing how ageism is prejudice towards both younger and older people.
• Ageism Unmasked will help readers reset our expectations for getting old... providing the tools to anticipate and experience elderhood as a time of renewed meaning and purpose, empowering each of us to create our own definition of successful aging. Ageism Unmasked continues Dr. Gendron's transformative work inspiring people of all ages to embrace aging as our universal and lifelong process of developing over time — biologically, psychologically, socially, and spiritually.

Jesus Christ is the most famous man in human history, but exactly who was He? Some say a fable; others think just one option among many good teachers, or even a nice guy who taught morals. Do any of these descriptions capture the totality of who He was? Jesus Unmasked goes directly to the world's greatest expert on Jesus Christ, Jesus Himself. Who Jesus said He was and why He said it the way He did What historical accounts and Biblical details reveal versus what we assume Why 4000 years of history, prophecy and chronology force every human being to render their verdict about this one man. When you encounter Jesus Unmasked, you will not be ambivalent. Jesus gives us clarity and insight into the nature of God. Interact with what Jesus taught about Himself and draw your own conclusions to the world's most important question: "Who is the real Jesus?"

A former "San Francisco Chronicle" reporter continues his account of the series of murders committed in California beginning in 1968, by revealing the final solution to the crimes that had baffled investigators for more than thirty years.

No Marketing Blurp

From the detective who helped catch the Golden State Killer, a memoir about investigating America's toughest cold cases, and the rewards - and toll - of a life spent solving crime.For a decade, from 1973, The Golden State Killer stalked and murdered Californians in the dead of night, leaving entire communities afraid to turn off the lights. Then he vanished, and the case remained unsolved.In 1994, when cold-case investigator Paul Holes came across the old file, he swore he would unmask GSK and finally give these families closure. Twenty-four years later, Holes fulfilled that promise, identifying 73-year-old Joseph J. DeAngelo. Headlines blasted around the world: one of America's most prolific serial killers had been caught.That case launched Paul's career into the stratosphere, turning him into an icon in the true-crime world. But while many know the story of the capture of GSK, until now, no one has truly known the man behind it all.In UNMASKED, Paul takes us through his memories of a storied career and provides an insider account of some of the most notorious cases in contemporary American history, including Laci Peterson's murder and Jaycee Dugard's kidnapping. But this is also a revelatory profile of a complex man and what makes him tick: the drive to find closure for victims and their loved ones; the inability to walk away from a challenge - even at the expense of his own happiness. This is a story about the gritty truth of crime solving when there are no 'case closed' headlines. It is the story of a man and his commitment to his cases, and to the people who might have otherwise been forgotten.

A panel of experts highlight the problems with all major claims of the official account of the 9/11 attacks.Many Americans have been embarrassed by the Trump presidency. But Americans should also be embarrassed by the fact that this country's foreign policy since 2001, which has resulted in millions of deaths, has been based on a complex deception. 9/11 Unmasked is the result of a six-year investigation by an international review panel, which has provided 51 points illustrating the problematic status of all the major claims in the official account of the 9/11 attacks, some of which are obviously false. Most dramatically, the official account of the destruction of the Twin Towers and World Trade Center 7 could not possibly be true, unless the laws of physics were suspended that day. But other claims made by the official account?including the claims that the 9/11 planes were taken over by al-Qaeda hijackers, that one of those hijackers flew his plane into the Pentagon, and that passengers on the planes telephoned people on the ground?are also demonstrably false. The book reports only points about which the panel reached consensus by using the "best-evidence" consensus model employed in medical research. The panel is composed of experts about 9/11 from many disciplines, including physics, chemistry, structural engineering, aeronautical engineering, and jurisprudence.
